Experience

Volcasoft/ Senior Android Developer Lead

October 2020 - PRESENT, Remote (UK)

As a senior Android developer lead, I am responsible for driving innovation and guiding the development team to create cutting-edge mobile applications. My expertise and leadership shape the future of Android development, empowering my team to deliver exceptional user experiences.

Kodex Tech/ Android Developer Lead

July 2016 - October 2020, Lahore

As a former Android developer lead, I took charge of driving the development team and ensured the creation of high-quality mobile applications. With my expertise and guidance, we pushed the boundaries of Android development, delivering seamless user experiences.

Coding Pixel/ Android Developer

Feb 2014 - July 2016, Lahore

As an Android developer, I embraced the opportunity to contribute my skills and knowledge in creating mobile applications. I leveraged my expertise to develop innovative solutions and enhance user experiences through seamless Android development.

Education

Islamia University/ BS Computer Science

2009 - 2013
